How to support me

When asking me something verbally make sure I write it down! Give me opportunities to use my creative and fun side. Communication is very important to me. I work better under pressure and with strict deadlines. I need to have all the information with clear directions when assigned a task. I like working in a positive environment and building strong relationships with my co-workers. I welcome constructive feedback. I need to work in an environment that cares about my personal growth and development and believes in learning from mistakes.

Tell me your ability to work under pressure?

I keep myself calm and focus on multi tasking while being patient.
